

SRC/colamd.c

```
graph TD; SRC["SRC/colamd.c"] --> colamd_h["colamd.h"]; SRC --> limits_h["limits.h"]; SRC --> stdio_h["stdio.h"]; SRC --> assert_h["assert.h"]; colamd_h --> stdlib_h["stdlib.h"];
```

A dependency graph showing the relationships between source files. The root node is SRC/colamd.c, which is shaded gray. It has four outgoing arrows pointing to colamd.h, limits.h, stdio.h, and assert.h. The colamd.h node is white with a black border, while the others are white with gray borders. colamd.h has one outgoing arrow pointing to stdlib.h, which is also white with a gray border.

colamd.h

limits.h

stdio.h

assert.h

stdlib.h
