RcmdrPlugin.FactoMineR-package

RcmdrPlugin.FactoMineR package

Description

RcmdrPlugin.FactoMineR package

Details

RcmdrPlugin.FactoMineR gives a plugin to easier use the FactoMineR package. The package Factoshiny should be preferred at RcmdrPlugin.FactoMineR.

Author(s)

Francois Husson Maintainer: husson <husson@agrocampus-ouest>

See Also

The FactoMineR package.

FactoCA

Perform CA with the GUI

Description

Perform CA with the GUI

Usage

FactoCA()

Author(s)

F. Husson

Factocatdes	<i>Perform catdes with the GUI</i>
-------------	------------------------------------

Description

Perform catdes with the GUI

Usage

Factocatdes()

Author(s)

F. Husson

FactoDMFA	<i>Perform DMFA with the GUI</i>
-----------	----------------------------------

Description

Perform DMFA with the GUI

Usage

FactoDMFA()

Author(s)

F. Husson

FactoFAMD	<i>Perform FAMD with the GUI</i>
-----------	----------------------------------

Description

Perform FAMD with the GUI

Usage

FactoFAMD()

Author(s)

F. Husson

FactoGPA	<i>Perform GPA with the GUI</i>
----------	---------------------------------

Description

Perform GPA with the GUI

Usage

FactoGPA()

Author(s)

F. Husson

FactoHCPC	<i>Perform HCPC with the GUI</i>
-----------	----------------------------------

Description

Perform HCPC with the GUI

Usage

FactoHCPC()

Author(s)

F. Husson

FactoMCA	<i>Perform MCA with the GUI</i>
----------	---------------------------------

Description

Perform MCA with the GUI

Usage

FactoMCA()

Author(s)

F. Husson

FactoMFA	<i>Perform MFA with the GUI</i>
----------	---------------------------------

Description

Perform MFA with the GUI

Usage

```
FactoMFA()
```

Author(s)

F. Husson

FactoPCA	<i>Perform PCA with the GUI</i>
----------	---------------------------------

Description

Perform PCA with the GUI

Usage

```
FactoPCA()
```

Author(s)

F. Husson

Examples

```
## Not run:  
require(FactoMineR)  
data(decathlon)  
FactoPCA()  
  
## End(Not run)
```

Factoprefpls	<i>Perform prefpls with the GUI</i>
--------------	-------------------------------------

Description

Perform prefpls with the GUI

Usage

```
Factoprefpls()
```

Author(s)

F. Husson

readDataSetFacto	<i>Read a dataset for FactoMineR</i>
------------------	--------------------------------------

Description

Read a dataset for FactoMineR

Usage

```
readDataSetFacto()
```

Author(s)

F. Husson
